CS 21 Introduction to Java Programming.

Project 1:

(1) Survey ASCII art web-sites:
http://www.chris.com/ascii/
or
https://www.asciiart.eu/
or any ASCII web-site you know.
Pick a design that you want to show in your first project.

(2) Convert the ASCII to a Java Program using
System.out.print() function,
System.out.println() function, and/or
System.out.printf() function   (if you know it.)

(3) Submit your design to Email: echou510@gmail.com
Including your java program .java file and
The Screen shot of your design

You may compress the directory using PeaZip program

(4) Example Screen shot Image:

```
                    .-/                                                    .-.
